Zed. Patient

North Coast Radiology Group are pleased to offer this service to all of our patients. All you require is a mobile phone number to securely view, share and store your radiology images.

Zed Patient provides on-going and instant access to your radiology scans.

- ✓ No need to remember or carry films to appointments
- ✓ Immediate access to X-rays and scans via phone, tablet or desktop
- ✓ Ability to control who can see your images
- ✓ Allows sharing with family members or doctors involved in your care
- ✓ Easier storage - no need to find somewhere to store your films
- ✓ If no longer required, no need to find a way to destroy them
- ✓ Ecologically friendly (less film, paper and chemicals)

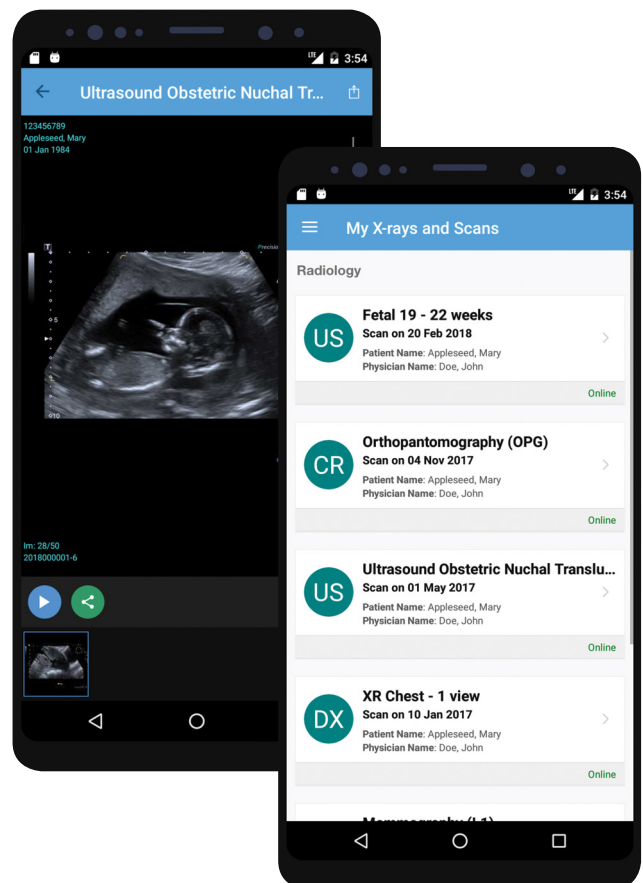

Share with other health professionals such as physiotherapists or chiropractors

Travel - have your scans instantly available anywhere in the world

Pregnant - share your precious images with family and friends

Please ask our friendly reception staff for information on how to create a Zed account
